

# Run Your Business Smarter

**TRELLIS ENERGY SOFTWARE**

B2B Marketplace to Disrupt the Energy Supply Chain

# TRANSFORMING THE NATURAL GAS VALUE CHAIN

To achieve a reduced carbon footprint, all segments of the natural gas value chain will need to **modernize** and **digitalize**.

NG + LNG + RNG + CNG + NGL + H<sub>2</sub>

We collaborated with our customers on their needs and vision to embark on this transformation.

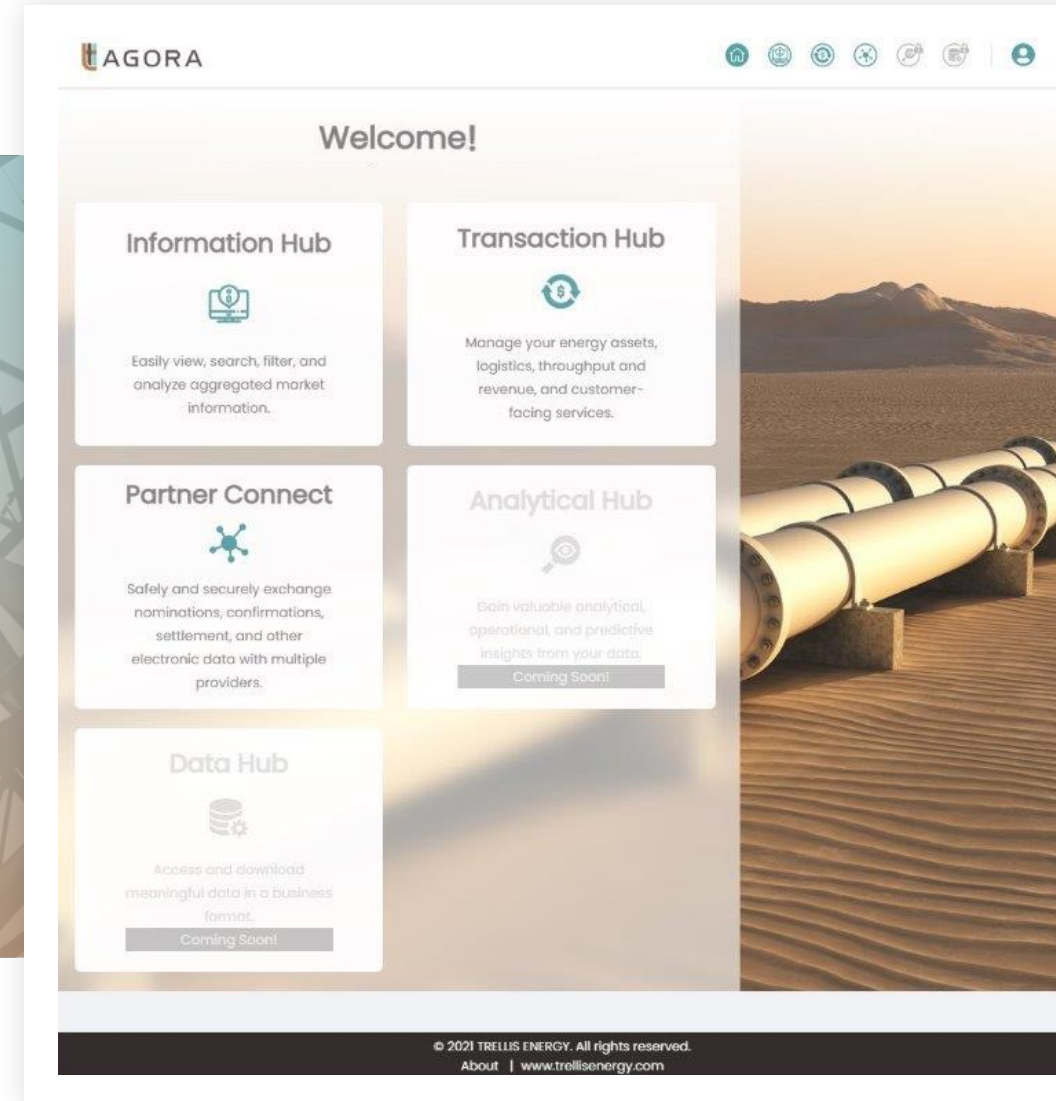

# TRELLIS AGORA PLATFORM

## Industry's first SaaS B2B Marketplace

The first consolidated marketplace where all supply chain participants, including producers, transporters, shippers, marketers, brokers, utilities, and end-users, can converge to conduct mission-critical business.

# WHAT AGORA DOES

Recently Added  
Features Provide

Industry-wide connectivity

Market intelligence

Analytical insights
