# Our Business

- ▶ CF Industries is the world’s largest producer of ammonia.
- ▶ Agricultural & industrial products:
  - Anhydrous ammonia
  - Granular urea
  - UAN
  - DEF, nitric acid, ammonium nitrate
- ▶ Today, CF is committed to decarbonizing and aggressively scaling our ability to produce green and blue ammonia, positioning CF at the forefront of clean hydrogen and ammonia supply.

Headquarters: Deerfield, IL

## 9 production complexes across our network:

Donaldsonville, LA	Medicine Hat, AB
Yazoo City, MS	Courtright, ON
Verdigris & Woodward, OK	Billingham & Ince, UK
Port Neal, IA	

One of North America’s largest natural gas industrial end users: ~1.0 BCF per day
