

NATGAS POWER FORUM

The NatGas To Power Forum is the premier event where the Natural Gas Industry meets. This is where buyers and sellers meet and do business. Each Forum is highlighted by impressive speakers, elite hospitality, informative meetings, and unparalleled networking opportunities.

SPONSOR BENEFITS

- » **Visibility via Speaking Opportunity / Kiosk** – Each sponsor will be provided with a speaking slot to discuss a key industry issue or promote a particular project. Or, rather than speaking, sponsors may instead set up a promotional kiosk at the Forum.
- » **Inclusion in Conference Guide** – A Conference Proceedings Program will be handed out to every attendee at the Forum. Your company's logo, speaker's bio, etc. will be included.
- » **Conference Promotion** – Before, during, and after the conference, sponsor generosity will be promoted in all pre-conference publicity, signage at the conference, post-conference correspondence, etc. We anticipate more than 30,000 pieces of promotional materials to ultimately be distributed.
- » **Logo Item** – To give sponsors the exposure and opportunity to get their logo out to our attendees, we will have a table placed in the conference area where we will display any logo give-away items that you wish to send us. These items will be available to all attendees throughout the conference.
- » **Web Presence** – Your company will be listed as a sponsor on our conference web site (www.ldcgasforums.com), your logo/link will be included in emails sent out about the conference, you'll be promoted on the LDC Forums social media platforms, etc.

"Established industry event that is embracing the current market shift with topical content, speakers and participants."

"The content is great for anyone that works in the power space and is also concerned with how data centers will effect the power grid. Also relevant for gas marketers and buyers whether they are in the data center space or not because it addresses concerns with supplies and infrastructure which both impact pricing."

“The topics were very interesting and pertained to a current industry dynamic that the power grid is attempting to solve for , also the speakers were very knowledgeable and spoke about the subject specifically. I also liked that many of the panelists were candid in the responses.”
